**REQUEST FOR CERTIFICATE OF CORRECTION**

U.S. Patent and Trademark Office  
ATTN: CERTIFICATE OF CORRECTION BRANCH  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313

Sir:

Pursuant to 35 U.S.C. § 255 and 37 C.F.R. § 1.323, this is a request for the issuance of a Certificate of Correction in the above-identified patent. A PTO Form 1050 is appended. The complete Certificate of Correction involves one page. The \$100 fee is submitted herewith pursuant to 37 C.F.R. 1.20(a).

The correction involves a priority claim to grandparent application number 08/597,845 (now U.S. Patent No. 5,887,266). As shown on the attached Official Filing Receipt for this application (Attachment A), the U.S. PTO acknowledged the priority claim to grandparent application number 08/597,845 (U.S. Patent No. 5,887,266), but this priority claim was not printed on the issued patent.

In addition to the PTO's prior acknowledgment of the priority claim on the OFR, the application transmittal papers filed with this application (Attachment B) clearly show the priority claim to grandparent application serial number 08/597,845 (see first page).

Pursuant to MPEP § 201.11.V, "If an applicant includes a claim to the benefit of a prior application elsewhere in the application but not in the manner specified in 37 C.F.R. 1.78(a)(2)(i) . . . . (e.g., if the benefit claim is included in an unexecuted oath or declaration or the application transmittal letter) . . . the Office will not require a petition and the surcharge under 37 C.F.R. 1.17(t) to correct the

benefit claim if the information concerning the benefit claim contained elsewhere in the application was recognized by the Office as shown by its inclusion on a filing receipt.

Finally, the present application was filed with a preliminary amendment (Attachment C) clearly stating that this application was a continuation of, and claimed priority to, U.S. Serial No. 09/092,828, "the disclosure of which is incorporated herein in its entirety." At the time of that preliminary amendment, the parent application (Serial No. 09/092,828) also included the priority claim to grandparent application no. 08/597,845 (now the '266 patent). Consequently, the priority claim to the '266 patent was incorporated by reference into the present application.

If any additional fees are required to enter or consider this paper, please charge our Deposit Account No. 19-0733.

Respectfully submitted,

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
